**FOUNDATIONS RESTORED** explains the traditional Church doctrine of Creation and critically evaluates the scientific evidence for biological and cosmic evolution that has caused so many to abandon the traditional understanding of origins. The series is organized as follows:

- |                    |   |
|--------------------|---|
| <b>Episode 1</b>   | Contrasts the Naturalistic and Supernatural frameworks in which the study of origins takes place.             |
| <b>Episode 2</b>   | Explains how the traditional Catholic doctrine of Creation faded from Catholic memory.                        |
| <b>Episode 3.1</b> | Discusses the traditional Catholic doctrine of Creation as taught in Sacred Scripture and Sacred Tradition.   |
| <b>Episode 3.2</b> | Examines St. Augustine's views on fiat Creation and the literal historical truth of Genesis I-II.             |
| <b>Episode 4</b>   | Presents the authoritative teaching of the Church's Magisterium regarding the creation of all things.         |
| <b>Episode 5</b>   | Refutes the most widely-cited evidence or "icons of evolution" used to "prove" Darwinism.                     |
| <b>Episode 6.1</b> | Exposes the scientific failure of the alleged Darwinian mechanism for evolution via genetic mutations.        |
| <b>Episode 6.2</b> | Shows how the assumed biochemical evolution which "sparked" the first life-forms is impossible.               |
| <b>Episode 7</b>   | Unearths the frauds and errors in the many false claims of "missing links" between apes and humans.           |
| <b>Episode 8</b>   | Reveals the untenable claims of Big Bang cosmology which holds that the universe came from nothing naturally. |
| <b>Episode 9</b>   | Looks at the fossil record and the geological evidence for the Biblical Flood of Noah's day.                  |
| <b>Episode 10</b>  | Demonstrates that radiometric dating methods harmonize geological evidence with the Biblical chronology.      |
| <b>Episode 11</b>  | Traces the negative historical and global consequences of the acceptance of the evolution hypothesis.         |
| <b>Episode 12</b>  | Documents the destructive effects of evolutionary indoctrination on generations of children worldwide.        |
| <b>Episode 13</b>  | Addresses the catastrophic impact of evolutionary thought on philosophy, theology and Catholic society.       |

*"Foundations Restored" offers logical, scientific, philosophical and theological arguments which not only restore the "Creation Providence" account to its proper place, but also liberate the whole realm of natural science from the grasp of its evolutionist hijackers. I therefore recommend it without reservation for circulation in the public domain so as to combat error and to proclaim the reign of TRUTH.*

*The science presented in this series needs to be carefully considered in any program of science or biology which is presented in our Catholic Schools.*

- **Bishop Robert F. Vasa**, Bishop of the Diocese of Santa Rosa, California

*"Foundations Restored" is a must see for any Catholic, whether clergy or lay person, who seeks the truth about what the Church has always taught in regard to Genesis and the origins of man and the universe. It is paramount that Catholics trust Divine Revelation over scientific speculation.*
